Research & Specialized

M. B. A

There must be some extra topics which full condition for some entrance exam syllabus.

Dissection is must for better understanding animal anatomy and physiology.

NA

All students need to be focus on career. Some students taking casually the masters degree. I would like to request to college and faculty members that try to increase the interest of students towards the studies like give them some cash prize, certificates for best performance.

Every thing is good but class room so bad 😞 this college not a strong rules. There management is so dual thankyou

## If Yes, kindly give suggestions

15 responses

No

MBA

Some papers like genetics and cell biology are taught under Botany and Zoology. They should be taught only in one subject. Also some skill programs should be included in syllabus and Dissection should be introduced to Zoology classes for better understanding and learning.

Language subjects should be deleted for Science graduate students.

Some Zoological Excursion or trip may be added to enhance practical knowledge and research interest of students

Na

Philosophy honours and MA in Philosophy should be start in MDU and related colleges because students want to do MA from philosophy subject. They demand for this subject in our college.

Exam should be annually,

Exam should be taken annually

- Add 1) Money and banking
- 2) Haryana Economics
- 3) Labour Economics
- 4) Field study , for Final year student , practical study .
- 5 ) workshop for faculty and students.

I would like to add new MA course in philosophy subject. Because after graduation students want to do post graduation in philosophy subject .So that they can pursue UGC net from this subject for assistant professor. And can do any another private and government job.

Syllabus should be more relevant.
