TEACHING PLAN 2023-24 (ODD SEMESTER)
(July 2023- November 23)

Name :- Monisha Chaudhary   **Department: Economics**

Sub:- Development Economics-1

Class –BA(Hons) 3rd sem

Month	1st Week	2nd Week	3rd Week	4th Week
July	Admission process	Admission process	Economic growth & development	Concept of underdevelopment & basic characteristics
August	Determination & measurement indicators (PQLI & HDI) of economic development	Sustainable Economic development	Adam Smith theory of economic development	Misc Assignment test
September	Karl marx theory of economic development	Schumpeter's theory of economic development	Vicious circle of poverty	Misc Assignment test
October	Lewis Dual economyy model	Lebenstein critical minimum effort theory	Balanced vs unbalanced groeth theories	Development planning rationale; Strategies & objectives
November	Role of state in economic development	Capital formation & economic development	Revision test	Exam preparation

TEACHING PLAN 2023-24 (ODD SEMESTER)
(July 23-November 23)

Name :- Monisha Chaudhary   **Department: Economics**

Sub:- International Economics-1
Class –BA(Hons) 5th sem

Month	1st Week	2nd Week	3rd Week	4th Week
July	Admission process	Admission process	Theories of Absolute advantage Theory of comparative cost	Theory of Oppurtunity cost
August	Hecksher –Ohlin theory of trade	Concept & components of balance of tradeand balance of payments	Equillibrium & disequillibrium in balance of payments	Misc Assignment test
September	Measures to correct deficit in balance of payment	Meaning , concept of equillibrium exchange rate& determination	Fixed vs Flexible exchange rate	Managed floating exchange rates
October	Brettonwood systems& its breakdown	Intrnationaal liquidity	Special drawing rights	International monetary fund
November	International Monetary system	Revesion assignment test	Revision test	Exam preparation

TEACHING PLAN 2023-24 (ODD SEMESTER)
(July 2023-november 23)

Name :- Monisha Chaudhary   **Department: Economics**

Sub:- Economics of Growth and development-1

Class –MA(P)

Month	1st Week	2nd Week	3rd Week	4th Week
July		Admission time	Admission time	Factors affecting economic growth, Historical perspective of Economic growth and its relevance
Aug ust	Structural diversity and common characteristics of developing nations	Measuring development: Income measure Basic needs approach PQLI ,HDI & Capabilities app.	Poverty, inequality & development: Measurement impact & policy options	Misc Assignment test
September	Adam Smiths theory of development	Ricardian Theory of development	Karl marx theory	Schumpeter's theory of development
October	Growth models: Harrod Domar	Neo Classical Growth Models: Solow and Meade	Growth model of Joan Robinson	Misc Assignment Test
November	Growth model of Kaldor	Revesion test	Revision test	Exam preparation

TEACHING PLAN 2023-24(ODD SEMESTER)
(July 23-November 23)
Class- MA(F)

Name : Monisha Chaudhary **Department: Economics**

Sub:- International trade & Finance-1

Month	1st Week	2nd Week	3rd Week	4th Week
July	Admission process	Admission Process	Theories of absolute advantage Comparative advantage theory	Oppurtunity costs Modern theory of international trade, theoram of factor price equilisation, empirical testing of theory of absolute cost& comparative cost
August	Hecksher-Ohlin theory of trade, Kravis & Linder theory of trade role & dynamic factors i.e tastes,technology& factor endowments in explaining of emergence of trade	The Rybczynski theorem concept & policyimplications of immiserizing growth; cause of emergency & measurement of intra industry trade & its impact on developing economies	Measurement of gains from trade & their distribution	Concept of terms of trade, their uses & limitations for less developed countries
September	Trade as an engine of growth	Welfare implications- empirical evidence 7 policy issues	Tariffs	Quotas & non Tarrif Barriers Assignment test
October	Trade under imperfectly competitive market	Meaning & concept of Balance of payment	Eqillibrium & disequillibrium in Balance of Payments	Process of adjustment under system of gold standard , Fixed exchange rate & Flexible exchange rate

November	Expenditure reducing & expenditure-switching policies & direct control for adjustment	Policies for achieving internal & external equillibrium simultaneously under alternative exchange rate regime	Absorptioon &Monetary approaches to the theory of balance of payment adjustment	Revesion test
